

## J.FL - 3/8" INCH CROWFOOT BOX END BITS

### Standards :

ASME B107.100

### Description :

- Thin wall 12-point high head for better accessibility.
- Adapted to use in confined spaces inaccessible to ratchets and other wrenches.
- The hole in the drive bit secures the bit during use.
- Built to aeronautical specifications.
- Dimensions in inches: 5/8 to 1P1/16.
- Bright chrome finish.
