

RFID ADAPTERS FOR PNEUMATIC TOOLS

Description :

- Tool fitted with an RFID chip that ensures traceability in the workshop.
- The integration of the chip by Facom guarantees detection and maximum resistance, while preserving the usability of the tool.
- Radio frequency identification requires appropriate storage facilities.
- Size range covering most of the threads of the market.
- The ideal accessory for the traceability of your pneumatic tools.
- Easy to implement, the chip is protected under the plastic cover.
